Product Description

The Herringbone collection's appeal comes from the beautifully roughhewn Acacia used in its creation. Hand-selected planks of solid wood are carefully sanded, stained and whitewashed for a driftwood appearance that accentuates the active grain and draws out natural knots and markings from the milling process. They are then inlaid over plywood to create a handsome herringbone pattern.

- All solid wood exterior layup over plywood.
- Carved drawer pulls run the length of each drawer.
- Drawers mounted on full-extension ball bearing glides; top drawer is also felt-lined.
- Sanded and stained drawer interiors feature English dovetail joinery.
- Available in a Rustic Latte finish.
