Recommended Care

UPHOLSTERY: Avoid exposing your furniture to strong sunlight. Prolonged exposure to direct sunlight can fade the finish of your furniture. To clean spots and stains, please follow instructions per the fabric cleaning code. An annual professional cleaning is recommended to keep your upholstery looking its best.

SOLID WOOD: Dust frequently with a clean, damp, lint-free cloth. Frequent dusting will remove abrasive build-up which can damage a finish over time. Occasionally use a light application of a high quality furniture polish to enhance the beauty of the finish. Avoid using oily polishes or waxes.
