The Yosemite collection recreates the improvised, utilitarian look of early 20th century

## Product Description

The Yosemite collection recreates the improvised, utilitarian look of early 20th century factory furniture. Crafted entirely from solid wood, this collection utilizes mortise and tenon frames, tongue and groove tops, and frame and panel sides for strength and durability. Roughhewn planks bear the characteristic saw marks, dents, pits, and random knots of logs milled on the steam powered circular and sash saws of the era. Finally, a rustic black pine finish balances transparency and opacity to showcase imperfections inherent in the timber. - Exposed bolts and hammered metal drawer pulls.- Full-extension ball bearing drawer glides.- Sanded and stained hardwood drawer boxes with English dovetail corners.
